FROM THE DESK OF THE EDITOR

THE TORCH 2023

Bismillahir Rahmanir Rahim

'The Torch' annual magazine is a very special publication from the consecrated portal of Defence Services Command and Staff Course 2023. The magazine portrays the pursuit of professional excellence by the course participants and the recollections created as an offshoot of the course curriculum. The pictures in this magazine are an everlasting memory of the Mirpur life of this year.

This academic year, the college's course curriculum was conducted in accordance with the rich traditions and illustrious heritage of this prestigious establishment, as is customary at Mirpur. The morning of 29th January 2023 marked the beginning of the course as the national flags of 24 different countries were hoisted along with the flag of Bangladesh. The course consisted of a total of 257 course participants, including 136 officers from the Bangladesh Army, 45 officers from the Bangladesh Navy, 24 officers from the Bangladesh Air Force, 3 officers from Bangladesh Police, and 49 officers from 24 friendly countries. The course ended on 30th November 2023, leaving behind the footprints of all these course participants on the campus. The moments of learning, social life, happiness, and fun during the pivotal military course enriched the content of this magazine. For the course participants, this magazine will always remain an everlasting record of events they will cherish in their lives. For others, it is a sneak peek into the innards of one of the most prolific academic institutions of the Bangladesh Armed Forces. The editorial board was delighted to compile the moments of this exciting journey by the course participants.

I am genuinely grateful to the Commandant for his guidance and his confidence in us in publishing this magazine. All the editorial board members deserve appreciation for making this publication successful. I acknowledge the guidance and efforts of the Chief Editor in serving this magazine to the readers.

May Allah bless us all.

Lt Col Abu Jalal Md Iqbal, psc, AC

Maj Gen Md Faizur Rahman, BSP, SGP, ndc, afwc, psc

COMMANDANT'S MESSAGE

THE TORCH 2023

It is a matter of immense pleasure and great satisfaction to know that THE TORCH 2023, the annual magazine of Defence Services Command and Staff College (DSCSC), Mirpur, Bangladesh has been lit successfully, as it has been in previous years.

This publication is a testament to the hard work and dedication of our faculty, staff officers and course participants, who have demonstrated exceptional leadership and professionalism throughout the year. As we flip through the pages of this magazine, we are reminded of the various events, exercises, and activities that have defined the past year at DSCSC. From the rigorous academic curriculum to the challenging joint exercises, this magazine truly captures the eventful journey of the course participants, spanning over the ten months, in obtaining the professional excellence and finally being decorated with the coveted 'psc' symbol. As such, I believe that this magazine is going to be a precious treasure for all the course participants, faculty members, staff as well as their families.

Lastly, I want to extend my heartfelt thanks and appreciation to the editorial team and contributors for their relentless effort in successful publication of THE TORCH 2023.

May Almighty Allah bless us all.

Maj Gen Md Faizur Rahman, BSP, SGP, ndc, afwc, psc

DSCSC 2023

DIVISION-C

The Beginning

The journey at DSCSC commenced on January 29, 2023, with 136 young and excited souls from the Army Wing and their families. The newly arrived officers were warmly welcomed and accommodated in the DSCSC residential area, Mirpur station officers' accommodation, and Krishnochura and Sheuly apartments. Additionally, 30 overseas army officers from 23 friendly countries joined the course. Meanwhile, three officers from the Bangladesh Police, including one from the Army Wing, arrived in Mirpur. After completing formalities, the participants embarked on a challenging but rewarding journey driven by the motto of DSCSC: 'Knowledge is Power'.

First Term (January 29 to April 13, 2023)

The dream journey of the DSCSC army wing course participants commenced on January 29 with the inaugural event, the vibrant Flag Raising Ceremony, where army officers from 24 nations proudly hoisted their national flags. Besides, the ice-breaking ceremony was crucial in fostering a harmonious atmosphere and facilitating spontaneous and lively interactions among participants, faculty members, and peers. Academic activities unfolded in venues such as Mirpur Hall, the Old Heritage Building, and the Sheikh Hasina Complex. They became key components of their daily lives, encompassing presentations, syndicate discussions, and exercises. Exercise KOTHAMALA served as the initial activity, enabling course participants to convey their thoughts and ideas within a 5-minute timeframe. Subsequently, Exercise MUKTOCHINTA-1 was organised to offer exposure to the participants on their analytical skills and writing proficiency. Furthermore, Exercise GYAN JACHAI was designed to increase the knowledge appetite among the course participants. In addition to these exercises, participants diligently prepared to enrich syndicate discussions. Concurrently, the initiation of the Individual Research Paper (IRP) took place under the guidance of the respective Supervisor Directing Staff and was extended until the fourth term. Following this, two challenging open-book exams were conducted on the Joint Services Staff Duties Manual (JSSDM) and Staff Officers' Handbook (SOHB). Exercise BORENDRA PRACHIR was crucial in reinforcing the understanding of operation orders and enhancing the participants' confidence in composing such documents. Exercise SHOMOR PORIKOLPONA, the inaugural map exercise provided a comprehensive understanding of the Decision-Making Process (DMP) and showcased the example that teamwork is a must for success.

Second Term (April 23 to June 22, 2023)

After the first term break and Eid-ul-Fitr leave, the second term started on April 23, 2023. At the very outset, the course participants attended Exercise OVIBAKTI-1, where course participants learned and applied the art of argumentative writing. This was succeeded by Exercise MUKTOCHINTA-2, focusing on the projection of analytical writing skills. Subsequently, Exercise PRAN SHONCHAR offered scope to the course participants to formulate administrative orders effectively in support of an ensuing operation. Thought-provoking syndicate discussions centred around offensive operations and the Orange Land package. A map exercise on assault river crossing also took place to enhance knowledge of bridgehead operations. After that, course participants participated in a map exercise on offensive operations named Exercise MORON CHOBOL. Exercise GHURNIJHAR and Exercise ONUSHILON PORIKOLPONA provided a firsthand experience to the participants of this course about the ground realities through Tactical Exercises Without Troops (TEWT) held in the Bangabandhu Cantonment area. Throughout this term, DSCSC welcomed several distinguished scholars who shared their extensive experience and knowledge with the course participants. Core modules included Counter Insurgency Operation (CIO), International Relations (IR), Disaster Management (DM), International Humanitarian Law (IHL), Unconventional Warfare (UCW), and Information Warfare (IW). The CIO seminar presented by the Staff College delegation of Sri Lanka was particularly enlightening. Nevertheless, Exercise THUNDER STRIKE continued to achieve surprise regularly during this term. Exercise NOGOR DURGO focused on both defensive and offensive operations based on fighting in the built-up areas, allowing participants to validate their plans in a computer-assisted exercise (CAX). In this term, Army Wing, Division A, and B amused the souls of DSCSC through their fabulous social evenings named 'CULTURAL INVASION' and 'MIRPURIAN TREK', respectively.

THE TORCH 2023

Third Term (July 09 to September 21, 2023)

The third term was the most intense and the longest one. After the second term break and Eid-ul-Adha leave, the term commenced on July 09, 2023. As usual, the term began with MUKTOCHINTA-3. It was followed by the deposition of 60% of the work of IRP, which was a great challenge for most of the course participants. After that, Exercise CHORA BALI put the participants into a deep quicksand for over two weeks. However, they could find their way out through a Command Post Exercise (CPX). However, Exercise OVIBAKTI-2 knocked on the door with the art and skill arguments after the exercise. The Term-3 is also called as a term of jointness. Joint operations, military strategy, and operational art and design were introduced in this term. Later, the first joint exercise of the course, Exercise HATIKHEDA, was conducted on amphibious operations. One of the most exciting events of this term was Exercise DORPO CHURNO-1, which opened the real-time strategic and operational scenario to the course participants. Meanwhile, hybrid warfare and campaign planning process packages began in full swing. Later on, Exercise SOMOR NAKSHA gave the course participants a unique opportunity to work in a joint environment at strategic and operational levels to learn strategic analysis and apply operational art and design to attain national interest. In this term, Army Wing, Division C won the hearts of DSCSC through their mind-blowing social evening named 'CHARLIES THUNDERSTRIKE'. Our enthusiastic overseas course participants arranged the International Day, which was colourful and gorgeous. After an extensive journey through the intensive course curriculum and much speculation and fantasy, the course participants were privileged to have the Overseas Study Tour (OST) in 09 countries, including Austria, from September 17 to September 21, 2023. It was a unique opportunity to explore and learn about the cultures of those friendly countries.

Fourth Term (October 01 to November 30, 2023)

The fourth and final term was also packed with events, which commenced with the joyful hearts and minds of the course participants after a memorable and joyous OST. The argumentative writing exercise, OVIBAKTI-3, was the first event in the series. The deposition of 100% of the work of IRP was the most significant relief of the course for all the young researchers at DSCSC. It was followed by Exercise BHABISHAYAT, which gave broad exposure to all three wings on formulating the Forces Goal and Perspective Plan within the available budget. Afterwards, the last tactical exercise without troops of the course, Exercise SHOKTO PRACHIR, was conducted in Saidpur. In this exercise, the course participants were given the scope to conduct defensive operations with offensive spirit in the field. On return from outdoor exercise, the final presentation of Exercise SAMORIK BIBORTON, the group research, also gave the researchers a feeling of accomplishment. Moreover, the course participants appeared at the Viva-Voce and IRP Defence. It was followed by Exercise DORPO CHURNO-2, which depicted another dimension of real-life strategic and operational understanding. Meanwhile, the course participants enjoyed the Internal Study Tour (IST) in Chattogram for a week. The signature event of the DSCSC Course 2023 was Exercise AGNI BEENA, which was in effect from 02 to November 21, 2023. The exercise successfully forged jointness and gave the course participants a comprehensive idea of formulating a campaign plan, supporting a campaign plan, and finally conducting a CPX with that plan. Furthermore, the DSCSC Ladies Club's golden evening was a spectacular event, as the wives of the course participants astounded everyone with their inventiveness and cultural talents. At the same time, the lovely Food Festival organised by the Ladies Club featured a variety of delectable meals and dishes, adding a joyful atmosphere to the DSCSC campus. Besides, the beautiful International Night presented by the overseas course participants was a truly captivating occasion. The participants' vibrant performance at the fantastic Gala Night, the course's final cultural presentation, mesmerised all. Meanwhile, the course participants enjoyed the warmth and hospitality at the Commandant's Garden Party. Besides, the gracious presence of the Chief of Army Staff, Bangladesh Army, in the graduation dinner as the chief guest made the army officers proud and honoured. On November 29, 2023, the Honourable President of the People's Republic of Bangladesh attended the graduation ceremony and distributed certificates to the course participants. Finally, an arduous yet coveted journey of knowledge at Mirpur ended on November 30, 2023, with all good memories and the "psc" at the end of each course participant's name.

NAVY WING

COURSE PARTICIPANTS WITH FACULTY MEMBERS

DSCSC 2023

Setting the Sail

The 29th day of January 2023 was an unforgettable day for 45 Bangladesh Navy (BN) officers. All the Men in White declared their day by announcing their vibrant presence in the prestigious institute of premium knowledge and professional excellence. The exciting journey started with the official inauguration of DSCSC-2023 through a colourful Flag Raising Ceremony in front of the Sheikh Hasina Complex. The day was significantly memorable for all 45 BN course participants (CPs) along with another 11 overseas course participants (OCPs) from Brunei, India, Indonesia, Malaysia, Nigeria, Pakistan, Palestine, Saudi Arabia, and Tanzania. Such a blend of officers from numerous cultures and traditions has added more colour and perspective to the course. Additionally, 01 out of 03 officers from Bangladesh Police also joined the course and added an extra feather to the Navy wing. The opening address by the Commandant generated enough enthusiasm among the CPs. Thereafter, esteemed faculty members were introduced by CI and SI (Navy) respectively. Moreover, CPs met each other and found them on board the same platform. Later, during the chilling ice-breaking ceremony, all CPs and OCPs came close together to reach a common tune. Finally, all ropes were taken onboard, and the intense voyage commenced.

First Term- Beginner's Grooming Term

On the first day, the respective syndicate Directing Staff (DS) briefed on Term 1. Besides the course curriculum, we learned the dos and don'ts of the DSCSC compendium. Central presentations on Effective Public Speaking and Writing Effective English were held on the following day, where CPs learned various useful tips for effective communication skills. Ex GYAN JACHAI-1 was conducted to evaluate the initial background knowledge of the CPs at the beginning of the course. The emphasis was given on attaining a clear understanding of Research Methodology. Later, Ex MUKTOCHINA-1 (an in-depth analytical writing test) and Ex KOTHAMALA (extempore speech) were conducted to develop the effective communication skills (both written and oral) of the CPs. They were also exposed to the extensive use of JSSDM, Law of the Sea, San Ramos Manual, Laws of Armed Conflict, International Humanitarian Law, and Basic Naval Warfare Tactics. Besides, classes were conducted on scouting, underwater, and above-water warfare. The HASH run was a unique and memorable event. Thereafter, the Navy wing CPs were further exposed to the Intelligence Preparation of the Operational Environment (IPOE) and Navy Planning Process (NPP) packages. They have learned the art and science of naval operational planning to master the naval operational concept. Moreover, this term was also full of Air Power. Thus, a good number of presentations and syndicate discussions on various facets and the taxonomy of Air Power were conducted for a few weeks. We realised that, without air support, victory in modern warfare cannot be imagined. A visit to AD Brigade, BAF Base BANGABANDHU, and Savar Cantonment was a unique opportunity for CPs to gain working knowledge on the functionalities and capabilities of sister services. Moreover, to gain adequate knowledge of legal aspects, laws, and regulations regarding the maritime front, Ex SHOMUDRO BIDHAN was conducted. This exercise was a hallmark event of the term. The CPs analysed different international maritime conflicts, proceedings of different trials, and maritime laws related to the issues. Finally, Term 1 terminated with a realistic and deliberate logistic exercise named Ex SHOMUDRA JATRA. It was an exhaustive exercise that involved a detailed logistics plan for naval forces operating at a distant area of operation.

Second Term- Motivation Term

This term commenced with two written exercises, Ex MUKTOCHINTA-2 and Ex OVIBAKTI-1. In addition, Ex SHOMUDRA SHONGHAT has also provided CPs with a detailed analysis of the case study of contemporary naval wars. Moreover, they were also exposed to joint syndicate discussions on national and internal security affairs. Besides, Unconventional Warfare (UCW) and Counter Insurgency Operations (CIO) were also introduced during this term. CPs were tasked with conducting research on specific topics of CIO operations by the Bangladesh Armed Forces in the CHT area. Additionally, tactical-level exercises like Ex SHOMUDRO GORJON, Ex SHOMUDRO ONNESHON, and Ex SHAMORIK BIBORTON have offered the CPs tactical mastery of naval warfare and the leadership traits of famous leaders from war history. Additionally, CPs also conducted group research on numerous maritime disputes around the globe and analysed the verdicts of the courts to impart lessons on maritime laws. Furthermore, numerous symposiums and seminars on contemporary issues have enriched the CPs with the required working knowledge on the subject matter. Finally, tactical-level

COURSE RESUME

NAVY WING (DSCSC 2023)

THE TORCH 2023

exercise followed by a tabletop wargame in Ex RONO KOUSHOL (part-I) has offered the CPs tactical mastery of different naval warfare aspects. In addition, CPs visited Khulna Naval Area, Mongla Port Authority, Khulna Shipyard, and Commander Flotilla West to gain a clear understanding of the various roles and functions of these organisations. They have also visited the UNESCO World Heritage Site 'Shat Gombuz Mosque' in Bagherhat district.

Third Term- Sea Fearer's Fearsome Term

This term started with detailed analytical writing in the form of Ex MUKTOCHINTA-3. Later, Ex OVIBAKTI-2 allowed the course participants to write another concise argumentative paper on a given topic. Third term is known as the 'Term of Strategy', as land, maritime, and air strategy were exposed to CPs. The main focus of the term was Operational Art and Design, Campaign Planning, Strategic Analysis, Amphibious Warfare, etc. Ex RONO KOUSHOL (part-II) was the major single-service exercise to practice the relevant concept of Operational Art and Design. Moreover, Ex GUNGCHIL was conducted in a joint Navy-Air environment. A maritime strategy seminar was also conducted, where Subject Matter Experts (SME) evaluated the strategic concept of CPs. Later, they were exposed to Action Speed Tactical Trainer (ASTT) in SMWT, Chattogram through intense wargames both in single and multi-threat environments. CPs of the Air wing also joined the wargame for Ex GUNGCHIL. Furthermore, a daylong visit to the Chattogram Port Authority by the Navy wing CPs has furnished them with added and relevant maritime affairs knowledge. Besides, CPs also visited the Special Warfare Diving and Salvage (SWADS) Command and learned the various roles and functions of the BN Special Force during their visit. Later, through Ex HATIKHEDA, the CPs got an insight into an amphibious operation jointly conducted on a hostile shore. Subsequently, Ex SHOMOR NAKSHA allowed the CPs to work as a team at the tactical and operational level of warfare in a joint environment. This exercise also shaped the CPs understanding of the Strategic Analysis process. Moreover, Ex DORPO CHURNO-1 has provided unique opportunity to work in a realistic operational environment with the real capability of our armed forces. Finally, at the end of this term, a refreshing and charming group-wise Overseas Study Tour (OST) in nine different countries, namely Austria, Bahrain, Cambodia, China, Kuwait, Malaysia, Nepal, Sri Lanka, and Thailand, imparted invaluable knowledge of the respective national cultures, traditions, and armed forces to the CPs.

Final Term- The Finishers Goal Term

It started with Ex OVIBAKTI-3 (argumentative writing exercise). Apart from the academic activities, this term offered a wide range of cultural and social activities to the CPs. Additionally, a day-long Liberation War Symposium has regenerated the vigour of patriotism among the CPs through unique experience sharing by our valiant war veterans. Besides, Ex BHABISYAT divulged knowledge on force structuring in a joint environment at the operational level. Moreover, Ex DORPO CHURNO-2 has provided the unique opportunity to work in a realistic operational environment with the real capability of our armed forces in a joint military environment. Later, CPs presented their IRP and tried to establish their findings before a learned faculty. The academic curriculum of the course finally ended with a viva voce of IRP. On completion, the Navy wing CPs along with the Army and Air wing, proceeded to enjoy the mesmerizing and scenic beauty of Chattogram Hill Tracts and the Bay of Bengal. The sea trip on board BN ships became a lifetime memoir for all the CPs of the DSCSC course 2023. The sea trip by BN ships to Cox's Bazar (Inani area) left a lot of memories while observing the Special Sea Exercise Programme (SSEP) conducted by the BN Fleet. Finally, the grand tri-service exercise, Ex AGNI BEENA was conducted for more than three weeks in three different phases, covering the military-strategic to the tactical level. It was the biggest event of the entire DSCSC course. Practical planning of a campaign, major operations, and joint CPX were practiced during this exercise. On successful completion of Ex AGNI BEENA, the course ended with a series of social programs and traditional ceremonies like the Graduation Dinner, Commandant's Garden Party, Gala Night, and the mega event Graduation Ceremony in the gracious presence of the Honourable President of the People's Republic of Bangladesh on 29 November 2023. The ten-month-long intensive and rigorous training was over, but not the legacy. The bonding never ends with the CPs as long as they carry the symbol of 'psc' with them and as long as a true 'Mirpurian' is alive around the globe.

AIR WING

COURSE PARTICIPANTS WITH FACULTY MEMBERS

DSCSC 2023

Orientation

The DSCSC Course 2023 commenced on 29 January 2023 with the participation of a total of 33 Air Wing officers and their families. A total of 24 course participants from the Bangladesh Air Force, eight course participants from the seven friendly air forces and one course participant from Bangladesh Police joined the course. The journey began one week before the course when the officers and their families started moving to the DSCSC campus. After the well-arranged and systematic formalities, and preparation, the course participants were ready to take off for a long and exciting journey ahead.

First Term

The course started with the colourful flag-raising ceremony of all the participating countries. The ice-breaking ceremony on 30 January 2023 paved the way for an arduous journey ahead. At the very beginning, briefings were conducted on academic, general service and administrative issues. The inaugural speech of the Commandant, DSCSC inspired all the course participants to spontaneously participate in the course. Senior Instructor (Air), and Directing Staff (DS) of Air Wing carried out briefings on the Air Wing specific issues. The briefings highly motivated the course participants. Then, the term resumed its regular schedule. During Exercise KOTHAMALA, course participants could express their thoughts on different interesting issues in front of the syndicate members and DSs. It was a test to demonstrate oral proficiency and improve communication skills. In the Exercise GYAN JACHAI-1, course participants could appreciate their knowledge level on the fundamentals of air power. The open book examination on JSSDM enhanced the course participants' grip on SD procedures and service writings. Exercise MUKTOCHINTA-1 was the first opportunity to improve writing skills through writing an analytical essay. In Exercise BIPUL SHOMVABONA, course participants oriented themselves with the application of air power and SOHB calculations. Exercise SHOTRUR PURVABASH was the first map exercise of the course, where course participants could apply their theoretical knowledge on Air Intelligence Preparation of the Battlespace (AIPB). During Exercise SHOMORANGON, course participants analyzed different wars from history and drew appropriate lessons. The THUNDERSTRIKES kept the course participants focused on the course curricula. In addition, prominent guest speakers delivered lectures on different topics in central classes. Besides, the central classes on research methodology paved the way to start the individual research paper (IRP) from the very beginning.

Second Term

After the term break and Eid holidays, the course participants returned to the DSCSC campus with high zeal and enthusiasm. At the very outset, course participants appeared in Exercise MUKTOCHINTA-2. Through Exercise OVIBAKTI-1, course participants wrote an argumentative essay for the first time in their careers. Exercise SHOKTO DHAL was a defensive exercise where course participants learned the implication of air power in countries' defence. In Exercise BOJROAGHAT, course participants could apply their knowledge to test the inherent offensive nature of air power. Through Exercise DRISHTIKONE, Air Wing course participants could understand the intricacies of planning an air operation in consonant with land and maritime warfare. Throughout the term, there were different seminars, symposiums and central classes by notable scholars and high ranking military officials. Besides, course participants were busy throughout the term with their IRP, Exercise SHAMORIK BIBORTON and Air Power Symposium.

COURSE RESUME

AIR WING (DSCSC 2023)

THE TORCH 2023

Third Term

The Third term was the most arduous term where Air Wing course participants were exposed to joint planning with other sister services. The term started with Exercise AGNIBAAN, where course participants planned air operations and validated them through war gaming and CPX. Through the exercise, Air Wing course participants gained a comprehensive understanding of air operations and the methodologies of employing air power. The exposure to the JTCB meeting was a unique opportunity. Exercise OVIBAKTI-2 and Exercise MUKTOCHINTA-3, polished the writing skills of the course participants. Throughout the term, principal emphasis was given to joint syndicate discussions to teach the military strategy and operational art. Course participants learned how to apply the different tools of operational art while planning for an operation. Exercise GUNGCHILL was a joint exercise with the navy wing which took place at DSCSC, Mirpur and SMWT, Chattogram. It was an excellent opportunity for the Air Wing course participants to learn how computer-assisted war games are conducted. Exercise HATIKHEDA was the first joint services exercise of the course. The course participants learned how to plan an amphibious operation in a concerted effort. Exercise SHOMOR NAKSHA provided the course participants with a comprehensive understanding of the procedures for conducting strategic analysis to generate viable policy alternatives and the method of translating Strategic Guidance to Military Strategic Directives. The term concluded with an overseas study tour, which gave a respite to the course participants and also broadened their horizons. Visiting historical sites and military establishments of a foreign country increased the knowledge of the course participants manifold.

Fourth Term

The fourth term commenced with Exercise OVIBAKTI-3, which was attempted in computers. Exercise BHABISYAT was an exercise where course participants planned the force structuring for their respective forces. Meanwhile, course participants attended the IRP defence and viva voce. It was a great event which marked the culmination of IRP. Exercise SHAMORIK BIBORTON was a joint exercise on the analysis of different wars and notable military leaders. After the exercise course participants went for the internal study tour at Chattogram area. Course participants visited the Army camp at Rangamati to get an insight into CIO operations. The course participants stayed two nights in Bangladesh Navy ships and went to Cox's Bazar. The sports and beach activities at Inani, Cox's Bazar were a refreshing experience. The last exercise, often dubbed as the grand finale, Exercise AGNIBEENA started on 02 November 23. The exercise consisted of three stages. The three-week-long exercise involved preparing a campaign plan followed by a supporting campaign plan. The exercise culminated in a CPX. All course participants completed the exercise demonstrating their decision-making ability and imparting the learnings gathered throughout the year. After the exercise, the series of ceremonies started to mark the end of the course. The best IRP award ceremony was a colourful one, where the Commandant, DSCSC was the chief guest. After that, course participants joined the graduation dinner and were invited to the Commandant's house for a garden party. It was followed by the gala night. The long-awaited graduation ceremony took place on 29 November 2023, when the Hon'ble President of Peoples Republic of Bangladesh awarded the graduation certificate to the course participants. The course participants received the certificates as a symbol of their hard work and dedication for the last ten months. The event marked the end of the course and allowed the course participants to call themselves true MIRPURIANS.

OVERSEAS CORNER

OVERSEAS COURSE PARTICIPANTS' CORNER

The two most essential facets in the professional life of each armed forces officer are his/ her regimental service and the courses of instruction sprinkled between the years of regimental service. Upon being nominated to attend the Staff Course at Defence Services Command and Staff College (DSCSC) in Mirpur, Bangladesh, I wondered about the journey I was raring to embark upon. After contacting some Mirpurians in India, the feedback I received was that the path ahead would be 'most satisfying and enriching.' With such initial impressions, I arrived in 'Dhaka Shohor' and joined this prestigious institution in January.

Meeting the fellow 48 Overseas Course Participants (OCP) who came to the College from 24 different nationalities made it evident instantly that the course would be a vibrant, diverse, and fulfilling experience. Soon, we, the OCPs, became close friends and were inseparable. While getting oriented with the College, we learned about the rich legacy of the institution and realized how fortunate we were to become Mirpurians. Meanwhile, we eagerly awaited the local Course Participants to arrive and the ball to be set in motion.

Our Local Course Participants

While delivering the Course Opening Address, the Commandant familiarized us with the unmatched 'Bengali Hospitality' and their fondness for food and compassion for the guests. From day one, his words came true, and we found ourselves receiving selfless affection from local course participants. Be it our well-being or acquainting us with the relishing cuisines, our local friends took the onus upon themselves and ensured that we got the feel of being amongst the most gracious hosts across the globe. At the same time, they also ensured that we felt included on the professional front. Though we had individual sponsors nominated, we soon felt that each officer of our respective syndicates, or the entire division, had become our sponsors.

The Course Curriculum

The course was a formula one ride en route with three pit-stops, aka term breaks. The finely crafted curriculum ensured inclusivity and progressive learning as we moved from term one to term three. The fourth term came as a hailstorm of exercises, with the grand finale being the dreaded Exercise 'Fiery Harp', which we ended up tackling with finesse, courtesy of the strong foundations laid during the first three terms. The faculty members always walked the extra mile to take all the overseas officers on board during all professional discussions and ensured that we grasped the nitty-gritty of planning as well as execution aspects of all operations of war. The five-day-a-week schedule, which many of us considered a blessing, coupled with the salubrious weather of Mirpur, made the entire learning process very conducive. Though we struggled to get the better of vernaculars during Own Time Work (OTWs) in the beginning, we performed well on this front, too, and ended up using the vernacular ourselves during the exercises of our term four, kudos to our local course participants persistence hard work.

Study Tours

To maintain a stress-free environment throughout the course, the College organized several Internal Study Tours for all of us. These tours allowed us to escape from Dhaka's hustle-bustle and explore Bangladesh's enchanting natural beauty. Visits to Sylhet, Chattogram, and Cox's Bazar made us realize that this great nation has a lot to see and explore. The much-awaited two-night sailing expedition onboard Bangladesh Navy Ships became the highlight of these tours. For most of us, it was the first experience of spending a night onboard a ship, and the warm hospitality of the Bangladesh Navy indeed left

OVERSEAS CORNER

LIFE AT DSCSC, MIRPUR

THE TORCH 2023

lasting footprints over our souls. The icing on the cake was the Overseas Study Tour (OST), wherein the college authorities ensured that each OCP gets to visit the country of his choice. In addition to providing a nouvelle opportunity to interact with a foreign nation's forces, the OST also enabled us to check out one travel destination on our bucket list.

On the Ladies Front

While the overseas officers were busy forging multi-national bonds, the ladies also followed suit. Contrary to our expectations, the ladies' brigade speedily shed the crutches of inhibition and shyness and became close pals right at the beginning of the course. What followed was leisure walks in groups, picnics in children's parks, potluck parties at each other's residences, and collective shopping expeditions. Witnessing such a diverse diaspora so closely interwoven became a treat. Their robust intelligence-sharing network regarding new places to shop began taking a heavy toll on our pockets. If the Indians went shopping for crockery, crockery was on everyone's shopping list for the next day; if the Malaysians went to buy clothes from Gulshan, the others ensured that the same shopkeeper hit an all-time high sale record. This spirit of being an extended family rightly percolated down to the kids who made multi-national friend circles here in Mirpur.

As the time approaches to say goodbye to our college, we all feel that 42 weeks was insufficient, and we could have stayed on for a little longer. But, being in the mid-level service bracket, we have made peace with the fact that we part ways, only to meet again someday somewhere under this blue sky. As we head back to our respective homelands, we carry a truckload of professional knowledge, fond memories, ever-lasting friendships, and above all, the stamp of a MIRPURIAN against our names. We all would miss our beloved alma mater and make a solemn promise before leaving, a promise of keeping the DSCSC flag furling high and doing our bit to add further glory to our Staff College.

A GLIMPSE INTO LIFE AT MIRPUR, DHAKA: A TAPESTRY OF LEARNING

During the introduction of any senior officer of Bangladesh Armed Forces, it was always said that "He is a proud Mirpurian". Since then, I have been curious about what's so special about the Mirpur. The opportunity to better know Mirpur came when I was selected to undergo the staff course at Defence Services Command and Staff College (DSCSC). The journey took off on 29 January 2023. At the end of the course, I can confidently say that, it was one of the best years of my life. It made me more mature, knowledgeable and professional.

The time during the course was busy. It was full of central classes, syndicate room discussions, seminars, symposiums, exercises, etc. The most unique aspect of this course is its a tri-service course. Here, we learn a great deal of details regarding other sister services. The importance of jointness among the Bangladesh Armed Forces mid-level officers is embedded in this course. Not only did we come to know each other professionally, but also personally.

One of the vital parts of the course is exercises, both single and joint services. Hands-on experiences in joint exercises with army and navy officers complement the academic rigour. Though demanding and often resulting in sleepless nights, these exercises provide an invaluable opportunity to apply theoretical knowledge to real-world scenarios. The mirroring of military strategies and tactics with practical applications enhances the course participants' perception, learning and acumen.

Many officers will remember DSCSC for the unique opportunity to listen to the ambassadors, notable scholars and liberation war veterans. We also had the lifetime experience of attending the lecture of living legend John Warden and Dr Milan Vego. DSCSC becomes a crucible of intellectual discourse as participants engage with scholars in lectures and symposiums. Topics span a broad spectrum, ranging from international relations to counterinsurgency operations and the prospective blue economy etc. These interactions not only broaden our horizons but also provide a nuanced understanding of the challenges and opportunities in the global landscape.

DSCSC has one of the most modern sports facilities. We enjoyed different games and competitions including football, volleyball, basketball etc. Many of us have joined the water sports competition for the first time in our lives. The course participants arranged cultural programs. From relentless practice to the final show, the course participants and their families enjoyed every moment. The social and cultural programs acted as the force multiplier of the course. The overseas course participants also performed spontaneously in the cultural programs. Their performance and unique culture added colour to the life at Mirpur. Through the "Amar Desh" program, the overseas course participants from twenty four countries displayed their history, culture and heritage. They have also arranged an international night and international food festival, which was enjoyed by everyone.

Beyond the confines of academic pursuits, families play an integral role in the Mirpur experience. The DSCSC ladies' club hosts a plethora of activities, from enrichment programs to cultural functions, creating a vibrant community. The ladies had the unique chance to learn about the military customs, mental health, social customs etc. These learnings will surely benefit them throughout their life. The Childrens' club was

LIFE AT DSCSC, MIRPUR

THE TORCH 2023

the favourite go-to place for the children. There were classes on karate, drawing, music etc. The children also had an excellent opportunity to learn to swim in the modern swimming pool of the DSCSC sports complex.

Amidst the academic hustle, confined time and cultural engagements, DSCSC stands as a serene and conducive backdrop for learning. The peaceful surroundings contribute to an environment of focus and introspection, allowing course participants to absorb the wealth of knowledge imparted within the institution. DSCSC becomes not just a location for learning but a transformative space where individuals, families, and ideas converge in a harmonious dance of growth and enrichment. Every good thing comes to an end. At the end of the course, I can now say I am a proud "Mirpurian".

Senior Assistant Editor of The Torch 2023
Course No-308

THE TORCH 2023

LIFE AT DSCSC, MIRPUR

Volleyball

The DSCSC 2023 volleyball competition began in term I. On the volleyball court, there was a spectacular prelude to the magnificent event. The blessed grounds resonated with the symphony of competition, a display of skill, strategy, and sheer tenacity. Syndicates, each a miniature of determination, contested for supremacy, weaving intricate patterns of acts, spikes, and blocks. The crescendo reached its zenith in a riveting final. Here, Army Syndicate-1 emerged as the triumphant protagonist, their victory etched in the history of the tournament. Amidst the triumphant echoes, Maj Zahir (C-36) earned the accolades of the tournament's preeminent player, a virtuoso on the volleyball stage.

Football

Subsequently, the stage shifted to the verdant football pitch, where the drama unfolded with heightened intensity. The course participants, now transformed into fervent football teams representing their Wings/Div, clashed in a titanic struggle. The tournament unfolded across term II and term III, a saga punctuated by the eloquence of each pass, the thunderous impact of each goal. It was played in a round robin style, with each team playing every other team, and the two teams with the most points at the end advancing to the finals. The tension peaked in a final where Army Wg Div B and Army Wg Div C stood as the protagonists. Two rounds of extra time saw the field bathed in sweat and suspense, with the scores deadlocked and still yielding no winner. In the end, Army Wg Div C, resilient and indomitable, ascended to the title, post two rounds of penalty shoot-outs with Major Asif (C-110) earning himself the revered title of the tournament's best player.

Basketball

As the sun dipped below the horizon, casting a golden hue upon the basketball court, the court itself became a stage for an epic ballet of agility and finesse. The competition, played in the term III, once again saw the course participants divided into teams as per their Wing/ Div and playing a round robin format. The narrative took an unexpected turn as the Commandant unveiled an OCP team, a revelation that added a layer of intrigue to the sporting tapestry. This ensemble, under the honorary guidance of the Commandant, charted an unbeaten path to the finals, a journey marked by the echoes of basketballs dribbling in harmony. The finals, a crescendo of anticipation, witnessed a faceoff against the formidable Army Wg Div C. The court, now a canvas for athletic expression, displayed the artistry of Lt Col Shahnoor (ADS-3) and Lt Col Ferdous (ADS-15), the dynamic duo propping up the Army Wg Div C team. However, the OCPs, with a blend of finesse and strategic brilliance, executed the Commandant's game plan flawlessly, emerging as the victorious maestros. Major Nadir Aydin (Turkiye) (C-172), claimed the coveted MVP award.

Tennis

Transitioning to the pristine tennis courts, the competition, played in the IIIrd and the IVth terms, morphed into a clash of generations. The experienced DS body, admired for their tennis prowess, confronted their "younger" counterparts with a display of skill that belied the years. Lt Col Abu Jalal, AC (ADS-10), emerged as the singular force in the singles tournament, his racket carving arcs of dominance in the court's expanse. Meanwhile, Lt Col Arif (ADS-19) stood as the valiant runner-up. The doubles category, a canvas for synchronized brilliance, saw the duo teaming up to steal the show, their racquets weaving a narrative of tandem triumph, while Cdr Moinul (NDS-8) and Maj Rafi (G2-Coord) played the harmonious notes of the runners-up.

SPORTS RESUME

THE TORCH 2023

Squash

In the adjoining arena of squash, the combatants engaged in a dance of agility and precision, navigating the narrow confines of the squash court with finesse. The squash tournament was hotly contested and played as a knockout in the singles format. The contest saw a diverse representation from home and abroad as several local CPs and OCPs put forth their talents in this highly draining event. The journey, a saga told through five stages of highly competitive matches, reached its zenith in a final clash between Sqn Ldr Anobhav Walia (India) (C-325) and Lt Col Komba Morsay (Sierra-Leone). The eventual champion, Sqn Ldr Anobhav Walia, etched his name in the scrolls of DSCSC squash history with a display of skill that transcended borders and boundaries.

Rowing

Transitioning to the aquatic realm, rowing emerged as a spectacle of synchronized oarsmanship and unwavering determination. Course participants, delineated by Wings and Divs, navigated the waters with a fusion of vigour and strategy. The event brought forth their competitive spirits as they huffed and puffed their way to the finish line. Army Wg Div C, in an exquisite display of jointness and intricate understanding of the art of naval warfare (pun intended), emerged as the conquerors, relegating the watermanship specialists, Navy Wg, to the position of runners-up. The spectacle continued with a whimsical fun race orchestrated by the DS of respective wings, where Army Wg Div C once again claimed the honours, leaving the team from Admin Br as the capricious runners-up.

Canoeing

Transitioning to the aquatic realm, rowing emerged as a spectacle of synchronized oarsmanship and unwavering determination. Course participants, delineated by Wings and Divs, navigated the waters with a fusion of vigour and strategy. The event brought forth their competitive spirits as they huffed and puffed their way to the finish line. Army Wg Div C, in an exquisite display of jointness and intricate understanding of the art of naval warfare (pun intended), emerged as the conquerors, relegating the watermanship specialists, Navy Wg, to the position of runners-up. The spectacle continued with a whimsical fun race orchestrated by the DS of respective wings, where Army Wg Div C once again claimed the honours, leaving the team from Admin Br as the capricious runners-up.

Sportsperson of the Year

In a ceremony befitting the grandeur of the sportsmanship displayed, the Sportsperson of the Year was awarded at the culmination of the watermanship event. The event, attended by a congregation of distinguished faculty and passionate course participants. They witnessed the anointment of Sqn Ldr Anobhav Walia (India) (C-325) as the top athlete. The ceremony marked the sublime conclusion of the sporting odyssey for the DSCSC course 2023, leaving an indelible imprint in the collective memory of those who bore witness to this symphony of athletic excellence.

COMMAND AND STAFF COLLEGE

LADIES CLUB

RESUME

Military wives' roles in the Armed Forces are instrumental, multifaceted and significant. Consequently, the Defence Services Command and Staff College (DSCSC) values the social interactions of military wives in their daily lives. In this connection, the DSCSC Ladies Club is pivotal in grooming the ladies through collaborative social interaction, encouraging them to support their husbands' careers. The club also helps foster relationships within the ladies' community and families and imprints the Mirpur values and ethos on their lives.

The DSCSC Ladies Club is the only ladies' club in Bangladesh Armed Forces with active members from all three Services (Army, Navy and Air Forces), including members from friendly foreign countries. Tri-Service officers from home and abroad come here with their families every year to undergo the command and staff course. Thus, the DSCSC Ladies Club receives new members yearly to rejuvenate itself with the presence of new and enthusiastic talents.

DSCSC Ladies Club was fortunate to have members from home and abroad in 2023. While the officers remained busy with their professional development, the ladies also appropriately utilised their time to enrich themselves through different programmes. They also found many opportunities to explore their talents through cultural and social engagements.

The club organised several enrichment programmes on common interest for all ladies. These programmes included classes/sessions on 'Manners and Etiquettes in Bangladesh Armed Forces: Gradual Development of Spouses', 'Dining Etiquettes and Table Manners', 'Behavioural Problems in Childhood to Adolescence: Parents Support', 'Various Types of First Aid Treatment', 'Understanding of Organisational Expectations from Military Spouses', and 'Importance of Sound Mental Health for Sound Family Life'. Besides, the DSCSC Ladies Club organised courses on Car Driving, Yoga, and Fruit/Vegetables-Curving as part of the training programme. Capable and reputed experts from associated fields conducted these sessions.

The Club held regular and special meetings to address ongoing issues of Mirpur life. Welcoming the incoming members and bidding farewell to the outgoing members were common affairs. The club organised several cultural programmes. One such event was the colourful 'Golden Evening', which was highly appreciated by the guests. The overseas ladies also enthusiastically participated in cultural events. Another attractive event of the DSCSC Ladies Club was the 'Food Festival'. All the ladies cooked and presented various cuisines. Ladies of the friendly countries also presented food that reflected their culture and tradition.

As secretary of the Club, with the most profound reverence, I would like to thank Dr. Zakia Sultana, President of the DSCSC Ladies Club, for her keen interest in club activities and prudent guidance in organising various club events. I also appreciate all the members' active participation, which made the year educative, enriching, colourful and successful. I sincerely wish a happy and prosperous life to all.

CHILDREN CLUB

RESUME

THE TORCH 2023

DSCSC Children Club is unique in its nature as it houses not only the children of officers of the Bangladesh Armed Forces, but also the children of overseas course participants of DSCSC. The objective of the DSCSC Children Club is to create a homely atmosphere and friendly relationship amongst the officers' children. Besides, the club also focuses on enriching its members through educational and co-curricular activities. The club began its journey on October 2021. Since then, it has been operating with the vibrant presence of the heavenly kids.

While the officers remain busy with the training activities, they hardly get time to groom their kids. DSCSC provides an excellent opportunity to those kids for making progress in educational and co-curricular activities by different sessions of the club. Kids of all faculty members, staff officers, and course participants are entitled to join the club. The club's age range for membership is 5-15 years. Usually, the club conducts classes on aloha, karate, music, drawing etc. Besides the classes, the club organizes different competitions like examinations of karate, drawing contests, craft exhibitions, recitation contests, etc.

Children Club also observes and celebrates different national and international days. The club members often voluntarily participate in different social evenings of the DSCSC. It is worth mentioning that Aloha Course was included in Children Club this year which is a remarkable step to assist children's educational arena. The children of the club were very vibrant and enthusiastic throughout the year. In addition, Shobuj Kuri (Children Club Complex) was renovated to facilitate the activities of the Club. The students of karate session were awarded coloured belts in every three months. The credit goes to the President of the DSCSC Children Club, Dr. Zakia Sultana for her continuous guidance and persuasion in making the club vibrant.

As the secretary of the club, I am grateful to the Almighty for blessing the club in accomplishing yet another successful year. With the deepest admiration, I would like to thank the President and the Vice President of the DSCSC Children Club for their prudent guidance in piloting the club. I also thank all the senior ladies and other affiliated members for their relentless drive to keep the club functioning. I wish DSCSC Children Club a happy and prosperous future.

TORCH INTERNATIONAL SCHOOL

RESUME

THE TORCH 2023

In 2023, Torch International School embarked on a transformative educational journey, marking its 38th year as a beacon of academic excellence. Established in 1985 to cater to the educational needs of the progeny of permanent staff and student officers of DSCSC, both native and overseas, the institution underwent a significant evolution, rebranding itself as a registered English Medium School.

The academic year 2023 witnessed the introduction of Class-IV, a strategic step towards expansion, guided by a meticulously crafted master plan approved by the Commandant. This comprehensive plan delineates the conceptual framework for future growth, aligning school infrastructure with its surrounding environment and facilitating structural developments to realize the institution's visionary objectives.

In accordance with this plan, a dedicated library was inaugurated within the school premises, serving as a catalyst for cultivating a reading culture and fostering academic growth among students. With a student body comprising 380 individuals across seven classes, including 18 overseas students, Torch International School actively engaged its learners in diverse activities throughout the academic session.

Significant national and international events were commemorated through a plethora of activities and competitions, such as Bangabandhu's Homecoming Day, Independence Day, World Environment Day, National Mourning Day, Sheikh Russel Day, and Armed Forces Day. Extracurricular pursuits, including field trips, sports events, class parties, education fairs, and an annual function, enriched the overall learning experience.

The institution's commitment extends beyond conventional education, aiming to adapt its programs to meet the demands of modern learning. Emphasis is placed on instilling values such as common courtesy, manners, respect for others, self-discipline, responsibility, and accountability. Torch International School emerges not merely as an educational institution but as a crucible where the spirit of patriotism is instilled, creating enduring memories for foreign students as ambassadors of their nations.

The culmination of the academic year 2023 brought forth gratifying results and commendations from guardians, affirming the institution's trajectory towards excellence. The continuous endeavor is to solidify Torch International School as a distinguished center of learning, recognizing the multifaceted role played by educators in shaping each child's educational journey and behavior. Leading this venerable institution is both an honor and a privilege, and the commitment remains unwavering to uphold and enhance its educational legacy.
